Subject.

Letter No: 428 dated 11th Mar 03 from the Agricultural Chemist

Additional amount of Rs 450 for meeting the contingent expenses of the Gas-house for the remainder of the year 1902-03.

Note. The gas-works were transferred from the Geological Dept to the Agricultural Chemist's Dept with effect from 1st July 1901. The annual cost of the maintenance of the works was stated to be about Rs 900/- for which provision was made in the Agl Chemist's Budget for 1901-02. It was sufficient to meet the expenditures of that year. The same provision has been made for 02-03. The Agl Chemist states that it will be far short from meeting the requires expenses of the current year. The Gas-house provides gas to the Central College, Bacteriological Laboratory and the Laboratory of the Agricultural Departmen.

A

‡ 1. No. and date of latest letter or paper.

3. Subject to be in red and body of note in black ink.

Statement of case in narrative form in regular sequence of subject matter or date.
Opinions to be stated only as supported by precedents, or general rules which should always be quoted.
Serial numbers in file, &c., to be always stated.
Dates of important documents referred should be given.
Write on both sides, leaving the same side as margin.

More gas is said to have been used this year than during the previous year and the kerosine oil more expensive. He estima that the expenses for 02-03 will be greater by nearly one half than those of last year and requests sanction to the sum of Rs 450/-

He solicits that a new appropriation may be made for this purpose as it is diffic to say under what heading in his department any saving could be effected. Should this be found impossible, he suggests that the additional expenses may be met out of the travelling allowance provided in the Budget. This course is said to be the only one open to him should Govt be unable to provide funds from another source as all the Laboratories of Govt will have to be closed unle funds can be found for manufacturing the necessa

gas.

Early orders of Govt are solicited

He adds that in the meantime he will take it for granted that the making of gas is to continue & that he may be permitted to draw the necessary funds from the Treasury.

B

Submitted - The opinion of the Comptr may be obtained as to whether the Expdre can be met from any of the heads of Expdre provided in the Departmental Budget - for the current year.

It is inconvenient now to sanction such small additional grants.

Note Continued

Letter No: 5609/95 98 & Apnd 03.

In reply, the Comptroller states that the Agricultural Chemist having

4 reported that no reappropriation is possible from any of the grants made for his Department for 1902-03, he begs to suggest that the sum of Rs 450/- may be reappropriated from the grant of Rs 10,000/- made in the current year's Budget under Head Quarters 23 Miscellaneous (2) Mis: (General) 4 Purchase and repair of tents (page 234 of the Budget) as no expenditure has up to date (4.4.03) been incurred therefrom provided that no expenditure for the purchase or repair of tents requiring the full amount of Rs 10,000 is anticipated.

In this connection, he requests that necessary instructions may be issued to all heads of Departments, when they require additional allotments to follow the procedure prescribed in rules 21 to 24 Part I Chapter II of the Financial Rules. It is said that in such cases the columns 6 to 10 of form 10 will be left blank to be filled up by the Comptroller's office before submission to Govt. for sanction.

Office of the Agricultural Chemist,
Government of Mysore,
Bangalore, March 11th 1903.

From

Dr. A. Lehmann, M.A., B.S.A., Ph.D.,
Agricultural Chemist to the
Government of Mysore.

To

The Secretary to the Government of Mysore,
General & Revenue Departments,
Bangalore.

Dear sir,

I request you to kindly ask Government to sanction ₹. 450/- for meeting the contingent expenses of the Gas-house for the remainder. In this year's budget ₹. 900/- were provided for this purpose But these have been fully expended already. The Gas-house provides gas to the Central College, Bacteriological Laboratory, and the Laboratgry of my Department. The Gas-house has been given over to my charge last year. The estimate of ₹. 900/- was made by the Geological Department when handing over the Gas-house, and though it was sufficient to meet the expenditures of the year 1901-2 it will be far short from meeting the required expenses of the current year. For one thing much more gas has been used this year than during the previous year. Furthermore the Kerosine oil has been more expensive. So that with the same person in charge this years expenses will be greater by nearly one half than those of last year.

It is difficult to say under what heading in this Department any saving could be effected, and it is requested that

a new appropriation may be made for this purpose. Should this be found impossible, I shall have to cancel some tours I expected to take into the Districts and meet the additional Gas-house expenses out of the travelling allowance provided in the budget. I should be very sorry to be compelled to do so, but as all the Laboratories of the Government will have to be closed unless funds can be found for manufacturing the necessar gas, the course suggested is the only one open to me should Government be unable to provide funds from another source. I request you to kindly ask Government to pass orders on this matter as soon as possible. In the mean time I shall take it for granted that the making of gas is to continue and that I ma be permitted to draw the necessary funds from the Treasury.

I have the honour to be,

Dear sir,

Your most obedient servant,

A. C. Lisle

Agricultural Chemist.

BANGALORE, 4th April 1903.190

From

E. R. SUBRAYER, Esq., B.A.B.C.E.

COMPTROLLER. GOVT. OF MYSORE,

To H.V.Nanjundayya, Esq., M.A.M.L.
THE SECRETARY TO THE GOVT. OF MYSORE,

General and Revenue DEPTS

SIR,

With reference to your No.FL1610 dated 26th Ultimo, requesting me to state how a sum of Rs.450 required to meet the contingent expenses of the Gashouse during the year 1902-3 can be met from any of the heads of Expenditure provided in the Agricultural Chemist's Budget for the current year, I have the honor to state that the Agricultural Chemist having in para 2 of his letter reported that no reappropriation is possible from any of the grants made for his Department for 1902-3, I beg to suggest that the sum of Rs.450/- may be reappropriated from the grant of Rs.10,000/- made in the current year's Budget under Head Quarters 23 Miscellaneous (2) Miscellaneous (General) 4 Purchase and repair of tent as no expenditure has up to date been incurred therefrom, provided you do not anticipate any expenditure for the purchase or repair of tents requiring the full amount of Rs.10,000/-.

In this connection I beg to request that you will be so good as to issue necessary instructions to all heads of Departments, when they require additional allotments, to follow the procedure prescribed in rules 21 to 24 part I Chapter II of the Financial Rules. In such cases the columns 6 to 10 of form 10 will be left blank to be filled up by my office before submission to Government for sanction. In the present case, if the proposed reappropriation be sanctioned, a reappropriation statement may it

2

is requested be forwarded to me giving the full particulars of Heads of grants affected so that necessary notes may be made in my office.

I have the honor to be

Sir

Your most obedient servant,

Comptroller

Read: SC (4) 8

Letter No: 428 dated 11th March 1903 from the Agricultural Chemist to the Government of Mysore soliciting sanction to the sum of Rs 450/- required over the Budget grant of Rs 900/- for meeting the contingent expenses of the gas house during 1902-03 and stating that no re appropriation is possible from any of the grants made for his department for 1902

(2) Correspondence ending with letter No: 5609/95 dated 8th April 03 from the Comptroller, Mysore Govt., pointing out the provision in the Budget from which the above sum may be met and requesting instructions to all Heads of Departments in the matter of

Additional allotments.
